### DAILY GUIDED EXCURSIONS:

#### HISTORICAL & CULTURAL GUIDED TOUR OF IQALUIT

Up first, a perfect introduction to this land: tour the territorial capital of Nunavut with a welcoming Nunavummiq as your guide (Nunavut resident). Engage with your friendly host, discovering insights about daily life in this unique Inuit community. Uncover fascinating local history as you tour the streets, from the settlement of Frobisher Bay, to the official formation of Nunavut, to today. This excursion is tailored to your interests; perhaps after your tour, you'll stop at Unikkaarvik Visitor Centre or Nunatta Sunakkutaangit Museum, or visit boutique shops to peruse wares crafted by Nunavut's many artists.

## HIKING EXCURSION IN AUYUITTUQ

Majestic towers, carved in bedrock by glaciers, shooting straight for the sun: such scenery is what Auyuittuq National Park has to offer. It is, without a doubt, one of the most awe-inspiring places on Earth. Explore for a day Auyuittuq National Park in the company of your guide. On your way, you will have an opportunity to see impressive rock formations dating back to the last ice age, moraines, boulder fields, sharp peaks and a huge glacier in the backdrop. Memories like these are unlikely to fade away.

## KEKERTEN ISLAND AND PANGNIRTUNG

After leaving Auyuittuq Park, a Panniqturmiutaq guide (Pangnirtung resident) will take you on a boat ride to the remarkable Kekerten Island. There, you can see a remaining of an old whaling station that would have been at its busiest in the 1870s. To this day, the artifacts on Kekerten Island are carefully preserved. This guided tour will take you through a part of history that is kept alive by a few elders in the village. Pangnirtung, is a small northern community with a rich history and a booming arts and crafts scene that serves as the gateway to the park for hikers. Remnants of historical whaling activity, Pangnirtung will fascinate you.

# DAY-BY-DAY:

## DAY 1

- **Flight from home to Iqaluit, NU** (not included)
- **Transfer from the airport to your accommodation** (by Inukpak Outfitting staff)
- **Historical & Cultural Guided Tour of Iqaluit** (2h)
- **Night at your accommodation in Iqaluit**

Day one: the beginning of a great adventure! Upon your arrival in the Arctic Capital, one of your guides will meet you at the Iqaluit airport. From the airport, we will take you on a historical and cultural city tour of Iqaluit before we bring you at your full-service hotel (B&B option) to check in, drop off your luggage and for a chance to grab a light snack at the coffee shop.

Once back at your hotel, we highly suggest that you visit one of our great local restaurants and ask if arctic char or caribou is on the menu.

## DAY 2

- **Transfer from your accommodation to the airport**
- **Flight: Iqaluit to Pangnirtung, NU**
- **Cultural and Art Tour in Pangnirtung** (full day)
- **Night at your accommodation in Pangnirtung**

With the Inukpak Outfitting van waiting for you outside the hotel, you will join your fellow travellers and your guide for your next destination: Pangnirtung. A quick hour flight will take you to Iqaluit's neighbouring community to the North. (Inukpak Outfitting has all of their expeditions led by one of the owners: Martine or Louis-Philip and when group size requires it, co-led by a second guide.) While flying over the Cumberland Sound, keep an eye on the scenery; the mountains surrounding Pangnirtung are simply stunning.

As soon as we land, you will meet our friends from Pang, the local guides who will take us through the town as we discover all it has to offer. History is on the menu today; after a tour of the Angmarlik Visitor Centre, you will meet an elder for a qulliq ceremony, drink tea, and eat palaugaaq (bannock) that has been prepared traditionally; then, you will visit the Uqqurmiut Centre, internationally renowned for its tapestry shop and its print making studio. Take a minute to exchange a few words with the artists about the piece they are working on. The old Hudson Bay Trading Post and Whaling Station is also near-by, offering to its visitors a window into our unique Northern history.

The night will be spent at the Auyittuq Lodge. Accommodations in Arctic communities have limited capacity and could differ from what you are used to in the rest of North America. Since we will be in Pangnirtung at the busiest time of year, please expect to have to share a room (with your partner or a person of the same sex for solo travelers).

## DAY 3

- **Hiking Excursion in Auyittuq National Park** (full day)
- **Night at your accommodation in Pangnirtung**

After a good night's sleep and breakfast, our group will head to the Parks Canada office. Staff from Parks Canada will be expecting us, as it is mandatory to go through the safety briefing given by one of the experienced park wardens. As you watch the video on polar bear safety, your guide will take care of the last few details of the group registration. Wait until you see the view from the deck between the Parks Canada office and the Visitor Centre! And this is really just the beginning!

You will then meet Peter, our long-term Panniqturmiutaq friend (resident of Pangnirtung), owner of Peter's Expediting & Outfitting Services. He will take us aboard his boat to travel to the entrance of the park. Peter was a Member of the Legislative Assembly of Nunavut from 1999 to 2008, where he personally participated to the formation of Nunavut; he is much more than just a boat captain! Feel free to ask him questions as he always has amazing stories. The boat ride (approx. 60 min over 30 km (19mi)) will take us to Overlord Cabin, the southern entrance of Auyittuq National Park.

As soon as we touch ground, our group will get into hiking mode, as our goal is to cover few kilometers before setting a temporary camp and have lunch surrounded by Auyittuq's magnificent peaks and glaciers! A bucket list lunch scenery for sure! Photos are a must!

As we make our way further into the park, get set for our first river crossing! As you sit on a rock, you'll soon learn your new river crossing mantra: Boots off, sandals on. We'd like to remind you your guide has crossed rivers like this hundred of times; they will give you a safety briefing and they will advise on the best group strategies to cross safely. Yikes! I agree: The first one is always the coldest!

By the end of the afternoon, we will be back to Overlord, hiking as close as possible to the boat pick up point for another boat ride going back to Pangnirtung. Who knows, maybe some seals and whales will be tagging along!

Once back in town, we will head back to the Parks Canada office for the group de-registration. You will spend the evening and night at the Auyittuq Lodge.

## DAY 4

B L S D

- **Boat Excursion to Kekerten Territorial Park** (full day)
- **Night at your accommodation**

Next up is a boating day! Make sure to keep your warm clothing handy, as the boat ride can be cold sometimes. Peter will take us to Kekerten Island Territorial Park for a day visit. There, you will see the remains of an old whaling station that was at its busiest in the 1870s. To this day, the artifacts on Kekerten Island are carefully preserved. This guided tour will take you through a part of history that is kept alive by a few elders in the village. The remnants of historical whaling activity, icebergs and wildlife of Kekerten will fascinate you. Keep an eye on the water, as there are still bowhead whales in the area.

You will spend the evening and night at the Auyuittuq Lodge.

## DAY 5

Your eyes can feast on internationally recognized local art and, if you were to fall in love with a piece, the centre's staff will help you pack it to make it travel proof. This is also the place to buy the famous "Pang Hat".

You have a few options for your flight back home: the flight from Pangnirtung to Iqaluit may connect with your flight back to your home destination. ## Traveling in Nunavut:

Traveling in Nunavut can be one of your lifetime adventures. Scenery, people and wildlife are only few of a million things giving such a unique taste to the Canadian arctic. But traveling in Nunavut, also mean, traveling following permitting weather, and so, bad weather cancellations are not impossible. Also, "out of our control" situation can happen even with the best preparation. Replacement pieces for aircrafts and specialised workers to fix engines often need to be brought from South and are not always available the next morning.

To enjoy your next experience up North it is important to be ready to face those situations and to be ready to play with your schedule. Following those comments, we highly recommend that everybody traveling to the Arctic take few days off at the end of their trip to accommodate delay, with a smile.
